Sharing Qlik Learning Portal Badges on Social Sites

EXTERNAL USE (Updated February 2025)

This document explains how to share your Qlik Learning Portal badges. Only badges identified with "(**Credly**)" in the title are associated with the Credly platform. All others may be shared using the third-party badge backpack, Badgr.com.

Table of Contents

4. Once you have accepted the badge from the previous step, you will receive the message below. Please note that if you would like to share either your Profile or a Badge, they must be marked Public. When accepting your first badge, you will have the option to enable the Auto-Accept feature so that any future badges issued to you by that organization will automatically be displayed on your profile. When auto-accept is enabled, a badge will automatically be accepted and displayed on your profile. Click 'Save Settings.'

5. Once you have saved your Badge Settings, click 'Share.' Please note that for previously earned badges, you will need to go to badges first, select the badge you want to share and click 'Share'.

6. You will be brought to your Credly 'Share your badge' page where you may promote your badge to Social Media sites as well as publish it to email or download a copy of your certificate. To promote your badge on social media, choose the link you would like to use and click it. For this example, we will use LinkedIn.

7. If this is the first time you are setting up your account, you will receive the prompt below. Click 'Allow' to move onto the next step.

8. Ensure that the 'Add to Profile' and 'Share to Feed' boxes are highlighted then click 'Share to LinkedIn.' You may also change the 'Optional Message' before sharing.

9. You will be directed to your LinkedIn Profile. Once there click 'Save.'
